

Thank you for showing interest in the South Carolina 4H/FFA Meat Goat Project. The project was established in 1999 for children to learn the principles of animal science and to understand the importance of raising animals. They also develop integrity, sportsmanship and public speaking skills. The children in the project buy their own goats and raise them throughout the show season. They are encouraged to sell their wethers after the final show and use their does to start their own goat herd.

There were 69 participants that showed goats in 2018. They ranged in age from five to nineteen years old. The participants have the opportunity to show several goats in different classes, such as showmanship and market. There are 15 shows throughout the show season that are all across the state of South Carolina.

The project is completely funded by donations and sponsors from businesses and professionals like you who understand the importance of this project to the youth of South Carolina. All money raised goes back to the participants through monetary prizes and awards, like belt buckles, plaques and banners. The project also awards two scholarships each year. All donations are tax deductible.

Thank you again for showing interest in the South Carolina 4H/FFA Meat Goat Project. As a sponsor, you will be recognized in the project's ad book, on our website and Facebook pages and at the awards banquet. The project's committee and participants appreciate all your support.

Sincerely,

SC 4-H/ FFA Meat Goat Project Committee

Monetary and material items donated are tax deductible. All sponsors are recognized on our website. Those who sponsor at a level of \$500+ will be recognized on the back of our t-shirt next year and at our Final Show in November.

You will also be invited to attend our final awards ceremony in January 2020 (dates and details to follow). If you are interested in supporting monetarily to this worthwhile program that impacts so many youth in our great state please contact or send checks (made payable to SC Meat Goat Project) to:
